

Teacher Page

These Spelling Brochures are the perfect way for your students to practice their spelling words.

There are 6 cover pages that contain the same 3 activities: students write their spelling word list on the cover, write the words 3 times, and do a practice test on the back flap (the clip art and borders change to give students variety).

There are 20 pages that each contain 3 activities. Each activity is different. One activity focuses on repetitive practice, the next activity focuses on creativity, and the third activity focuses on a thinking/content activity.

These spelling brochures provide students with a variety of choices, and they can be used with any spelling list!

You will love that the brochures are “print and go” and ready to use whenever your students need to practice their spelling words.

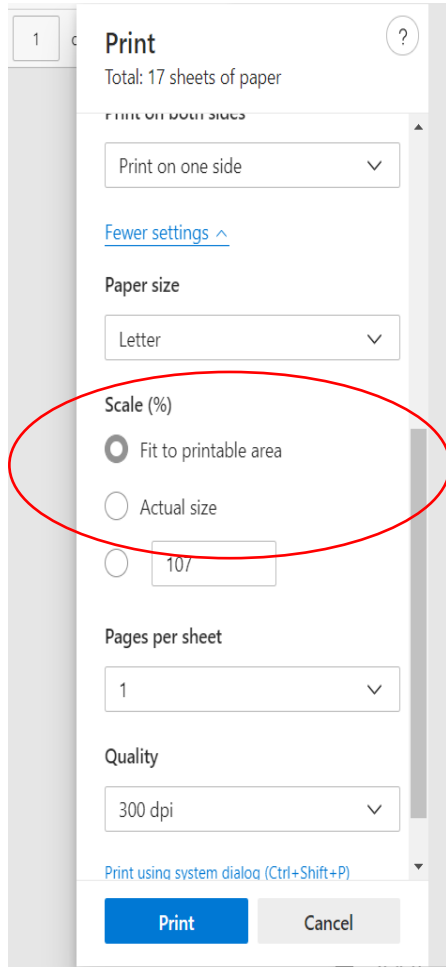

These brochures are perfect for an independent activity that requires no work on your part!

We love to put these Spelling Brochures in a brochure holder ([see here](#)) so students can easily grab a brochure and show their spelling knowledge in a creative and unique way.
